

Using the Free Enterprise Module
Created by: Brian Mason (brian448@sbcglobal.net)

Overview

The Free Enterprise module lets you play West End Games Free Enterprise game on your computer.

Once you enter the module you will be presented with the Main Toolbar. This is a series of buttons along the top of the main window that allow you to play the game.

Prepare for Play

Press F1 to open the Map Board.

Determine the Initial Fads on the six planets. A Goods marker has been placed in each Fad box. Roll for the Fad and update the Goods marker accordingly.

The Klingon ships have already been placed in their starting positions.

Place the Enterprise and Shuttlecraft on the board.

Place the Officers and Crew in the Shuttlecraft.

You are now ready to play.

Notes:

Goods

Only one kind of Goods counter has been provided. It can be changed to any color or type of Good needed through its right-click menu.

Ctrl close bracket - Increase Type number by 1
Ctrl open bracket - Decrease Type number by 1
Ctrl equals - Increase Color number by 1
Ctrl minus - Decrease Color number by 1

You can randomize a Goods type and color by pressing F5. A random good will be generated and shown in the Menu in the Randomize Goods Button.

Named zones.

All of the Planets, Warehouses, and Fads have named zones assigned to them. Planet orbits do not have zones. When a ship moves to a planet orbit, it will be reported as 'off-board'.
