Notes:

1. OCRed and edited by Lee Trowbridge 2 Oct 2013. Edits are shown in **brown** font.

2. Several missing pieces added (so that sheet matches counter-sheet, OOA, and errata).

3. Some AMFs (especially for cavalry) seemed very irregular – I regularized them. (Union Cav and Stuart: AMF = No. of units +1; other CSA Cav, AMF = No. of units).

4. Several Divisions were not marked for reduced DM, DMF, and AMF levels for when some all its units are not yet present (e.g., are detached variant units, or simply arrive at different times on the Order of Appearance chart.) Such levels were added at suitable levels.
